

# WAIOTAHE TE HERENGA O TE RĀ

## AT A GLANCE

- Located in NZ's Bay of Plenty, known for high sunshine and industrial demand
- Gifted its name by Te Ūpokorehe iwi, Te Herenga o Te Rā meaning The mooring place of the sun
- Started generating power in December 2024
- Features 71,600 solar panels producing about 69 GWh annually
- Capable of powering 9,600 local homes
- NZ's first solar farm to be connected directly to Transpower's national grid

## YOUR CONTRIBUTION

- Supports the development and operation of a utility-scale solar farm set to generate clean energy for 35 years, using highly efficient bi-facial panels that track the sun
- Backs a project developed in collaboration with its community, creating jobs, upskilling opportunities and delivering longer-term energy resilience outcomes
- Supports agrivoltaic farming which enables traditional farming activities to continue alongside clean energy generation

## YOUR BENEFITS

- Reduce your reportable electricity-related emissions
- Report zero Scope 2 GHG emissions
- Support Aotearoa New Zealand's renewable future
- Meet stakeholder expectations on climate change
- Make traceable, credible and verifiable claims
- Stand out in marketing and sustainability reports
- Align with international leading standards (subject to generation asset-age limit criteria)

## BRAVETRACE STANDARDS ALIGNMENT\*
