

HARAPAKI

AT A GLANCE

- Located in NZ Hawke's Bay, near Napier
- Second-largest wind farm in Aotearoa (2024)
- Producing renewable energy since July 2024
- Features 41 turbines generating 176 MW, enough to power 70,000 local homes
- 75% of construction materials were diverted from landfill
- Up to 57% of construction staff were locals

YOUR CONTRIBUTION

- Gets reinvested in community group decarbonisation projects nationwide through Meridian's Community Decarbonisation Fund
- Can also support your own business decarbonisation initiatives (if your annual consumption exceeds 5 GWh)

YOUR BENEFITS

- Reduce your reportable electricity-related emissions
- Report zero Scope 2 GHG emissions
- Support Aotearoa New Zealand's renewable future
- Meet stakeholder expectations on climate change
- Make traceable, credible and verifiable claims
- Stand out in marketing and sustainability reports
- Align with international leading standards (subject to generation asset-age limit criteria)
